TRUTH-IN-SAVINGS DISCLOSURE

The following disclosures apply to Kitsap Credit Union promotional accounts:

- 1. Rate Information.** The dividend rate and annual percentage yield (APY) will be available as of the effective date on this notice, is a limited time offer and rate subject to change at any time. The dividend rate and APY may change monthly as determined by the Credit Union's Asset Liability Committee (ALCO). Diamond Money Market account is a tiered rate account for which you will receive the dividend rate and APY for each balance tier once the tiered balance amount has been met. The promotional dividend rate and APY will be in effect until 6/30/2024, at which point the account will convert to a Money Market account and current dividend rate and APY for that product will apply to the current balance. The Money Market account is a tiered rate account for which you will receive the dividend rate and APY for each balance tier once the tiered balance amount has been met. Refer to the Rate and Fee Schedule or contact the Credit Union to obtain the current rates. No interest or dividends will be paid to any zero-dividend account, regardless of any terms or conditions provided by KCU.
- 2. Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. For variable rate accounts, the dividend rate and APY stated above is the rate that the Credit Union anticipates paying for the applicable dividend period.
- 3. Compounding and Crediting.** Dividends will be compounded daily and credited monthly. The dividend period begins on the first calendar day of each month and ends on the last calendar day of each month until the end of the promotional period. For all accounts, if you close your account prior to the end of the dividend period, dividends will not be paid for that period.
- 4. Accrual of Dividends.** Dividends will begin to accrue on non-cash deposits (e.g., checks) on the business day you make the deposit to your account.
- 5. Balance Information.** The minimum balance required to open the account and to obtain the stated APY is stated above. Dividends are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day in the period and dividing that figure by the number of days in the period. If the average daily balance falls below the minimum requirement, dividends will not be paid. For regular Money Market accounts that do not maintain the minimum average daily balance, the account will be charged a monthly service fee. Refer to the Fee Schedule for more information.
